

RESOLUTION NO. 22-R-64

**A RESOLUTION TO AWARD A CONTRACT FOR SANITARY SEWER
MANHOLE LINING AND REHABILITATION**

WHEREAS, the City of Rolling Meadows is a home-rule community, and the City Council may waive formal bidding procedures if it determines that such action is in the best interest of its residents; and

WHEREAS, the Public Works Director has recommended that the City's past practice of utilizing National Power Rodding Corporation for internal manhole grouting and lining at thirty-six (36) sanitary and storm sewer manholes be continued because of the ability and equipment they offer, and other benefits associated with their availability and knowledge of the City's infrastructure system, their location in proximity to the City, their willingness to prioritize the City's work, along with their knowledge of the Metropolitan Water Reclamation District (MWRD) compliance requirements.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and the City Council of the City of Rolling Meadows, Illinois as follows:

SECTION ONE: The Rolling Meadows City Council finds the public's interest would be served by waiving a formal bidding requirement for the contracting of sanitary sewer manhole grouting and lining, due to the fact that the process and equipment is specialized, and proposed pricing is favorable to the City.

SECTION TWO: National Power Rodding Corporation, located at 2500 West Arthington Street, Chicago, IL 60612-4108 is hereby awarded a contract to rehabilitate thirty-six (36) sanitary sewers totaling 364 vertical feet at a unit price of \$145.75 per vertical foot totaling \$53,105.47, pursuant to their Proposal, dated July 19, 2022 (year four of a four year pricing commitment), attached hereto.

SECTION THREE: National Power Rodding Corporation shall be paid up to an additional \$14,700 to repair up to nineteen (19) sanitary sewer manhole benches (bottoms) at \$500 each and two (2) grouting repairs at the cost of \$2,600.00 each in the event the Public Works Director or his designee directs their need to be repaired.
