**NON- ASBESTOS CONTAINING RESIDENTIAL DEMOLITION APPLICATION**

TODAY'S DATE:		PERMIT FEE:		PERMIT #:	
Contractor Name & Address (P.O. BOX NOT ACCEPTED):				Telephone:	
				Fax:	
Property Owner's Name (COPY OF PROPERTY TAX BILL REQUIRED):			City/Zip:	Phone:	
Address of Building to be Demolished:			City:	Zip:	
Type of Building(s) to be Demolished:	House Lgth. _____ Wdth. _____ Hght. _____	Detached Garage/Shed Lght. _____ Wdth. _____ Hght. _____	Load Supp./Roof Lght. _____ Wdth. _____ Hght. _____		
Method of Demolition: (I.E. Bobcat, Manual, etc.)		Has Asbestos Been Removed? No _____ (None found) Yes _____ Asbestos Permit # _____			
Date to Begin Demolition: (NOT OPTIONAL)		Date to Complete Demolition: (NOT OPTIONAL)			
Post Marked Date: (Office use only!)	Comments:			Mail Permit to: (only if different from contractor listed above)	
<b>MUST PRINT AND SIGN NAME</b>					
Name: _____			Title _____		
Signature: _____					

**PENDING PERMIT WILL BE SUBJECT TO THE FOLLOWING CONDITIONS:**

- (1) If the structure is located in an incorporated village, town or city in Cook County, all local requirements/permits applicable to demolition renovation of structure must be satisfied.
- (2) If structure is located in unincorporated Cook County, a permit from the Cook County Department of Building and Zoning 69 W. Washington, (Suite 2830)Chicago, IL. 60602, (312) 603-0500 must be obtained.
- (3) The provisions of the Cook County Environmental Control Ordinance apply.
- (4) The **SPECIALCONDITIONS** on the reverse of this form must be followed.
- (5) No facsimiles of the original will be accepted and all application must be mailed or hand carried to this department. The permit is valid for no more than (30) thirty days. Any changes to information provided on this application must be submitted to the Department 48 hours prior to the actual demolition/completion date(s) otherwise the permit is **AUTOMATICALLY VOID** without any notice from the Department. All modifications to application/permit(s) must be made by the original applicant. Permits are **ONLY** valid for the contractor listed on the permit issued by the department.
- (6) If the demolition completion date expires without notification to the Department and the actual work has **NOT** been completed, a new permit must be obtained (which includes paying required fees).
- (7) In emergency situations, this Department must be notified immediately of the circumstances and a follow up letter sent explaining the details.

If any of the above information provided is false/inaccurate or the "Special Conditions" are not followed the Demolition permit is Automatically **VOID** and enforcement measures will be initiated. If you have any questions concerning any of the above provisions, please contact LaNeesha Barker at (312) 603-8200 or [laneesha.barker@cookcountyil.gov](mailto:laneesha.barker@cookcountyil.gov)

## SPECIAL CONDITIONS

### DEMOLITION - DISMANTLEMENT - ALTERATIONS - RAZING

Toppling of Walls: When demolition by toppling occurs such reasonable measures for dust emission control as it is compatible with the type and structure shall be utilized. Before the demolition or topping of any section or wall of structure, adequate wetting to suppress the dust shall be employed.

Wetting Procedures: Before the demolition of any section of wall, floor, roof, or other structure, adequate wetting procedures to lay the dust shall be utilized. All debris shall be thoroughly wetted before loading and while dumping into trucks, other vehicles or containers. In all cases at all stages of demolition, wetting procedures shall be adequate to lay the dust.

Transport of Debris: Trucks shall be adequately covered or enclosed to prevent dust dispersion while in transit to point of disposal.

Structural Supports - Steel and Wood Beams - Thrusts: No structural members shall be dropped or thrown from any floor but shall be carefully lowered to ground level by hoists.

Handling Procedures - Debris: Debris shall not be dropped or thrown from any floor to any floor below. In buildings six stories or greater in height, debris shall be transported from the upper floors via enclosed dust-tight chutes or via buckets. Where chutes are used, a water wetting agent spray shall be employed to saturate the debris before it reaches the point of discharge from the chute.

Demolition Precautions: Water spray fogging nozzles shall be employed within chute to effect entrainment of particulate matter when feasible. Where buckets are used, the debris shall be adequately wetted to preclude dust-dispersion when buckets are dumped. In the event particulate matter becomes airborne for a continuous period of ten minutes, despite the application of the above procedures or due to freezing temperatures, preclude the use of water of laying the demolition dust, the work of demolition shall cease at once until other adequate measures can be taken.

Asbestos: Where there is asbestos containing material present, the demolition and renovation activity shall be conducted in compliance with Article X of the Cook County Environmental Ordinance, 40 CFR Part 61, Subpart M and any other applicable laws.

Demolition Excess Debris: No excess materials and debris shall be permitted to remain on the premises above grade susceptible to becoming airborne.

Utility Notification: Before a building or structure can be wrecked, the owner, wrecking company or person shall notify all utilities having service connections within the building such as water, electric, gas, sewer and other connections to prevent environmental pollution from waste water, toxic materials susceptible to electrical ignition, etc.

Demolition - Segregation of Materials: Demolition materials shall be segregated according to combustible and non-combustible. The sorting and disposal of debris in on-site special purpose containers making certain the proper precautions are undertaken for the various toxic chemicals, acids, fuel oils, cleaning fluids, paints, and other pollutants, are utilized and disposed of as prescribed by law.
