RE: City of Rolling Meadows Electric Aggregation Program
ComEd Service Address:

ELECTRIC AGGREGATION PROGRAM NOTICE

Dear Resident or Small Business Owner:

The City of Rolling Meadows (City) is pleased to inform you that we are resuming our electric aggregation program. A Chicago based company, MC Squared Energy Services, LLC (mc²), was selected to serve eligible residents and small business customers with electric supply services for a 12-month term beginning with the June 2023 ComEd meter read cycle. **Your Electricity Supply Rate will be 7.25 cents per kilowatt-hour (kWh)**, which will not change during the term of the agreement. Please know that, if you enroll in the electric aggregation program:

- You are **still** a ComEd customer for electricity delivery and metering purposes at your home or business.
- You continue to pay ComEd in the same manner as you currently do. There is no change in billing under the City's electric aggregation program. You continue to be eligible for all ComEd payment options, including e-bill, automatic bill payment, and budget billing.
- Any community solar generation credits you receive from ComEd are independent of this aggregation program and will not be affected.
- ComEd continues to be responsible for the wires, poles, and all emergencies, including outage restoration.

YOU WILL BE AUTOMATICALLY ENROLLED IN THIS PROGRAM UNLESS YOU OPT-OUT.

There is nothing you need to do in order to participate as mc² will automatically process your enrollment unless you opt out of the program. You have twenty-one (21) days from the postmark date on this notice to opt out. You may opt out by calling (833) 879-0713, Monday through Friday 8 a.m. to 5 p.m.; by e-mailing RollingMeadows@mc2energyservices.com; or by returning the enclosed card by **May 8, 2023**. **In addition, you can cancel your agreement at any time with no termination fees.** If you do not Opt-Out of the City's Electric Aggregation program, you will be deemed to have authorized and agreed to your enrollment in the City's Electric Aggregation program, and to have your electricity supply service with mc² under the "Terms and Conditions" and "Uniform Disclosure Statement" enclosed.
