

Lead Service Line Inventory Program Information

YOUR VERIFICATION ASSISTANCE IS REQUESTED

The City of Rolling Meadows is asking for your help in identifying the material of your water service. While the City does not believe to have any lead water services, the Illinois Environmental Protection Agency (IEPA) is requiring all Public Water Supply Agencies to verify and document all service line materials.

To verify your service line, scan the QR code seen here, where you will be directed to a website to follow step by step instructions on how to identify the service line material. There is also an option to call RM Public Works to schedule an appointment for the City to verify the service line for you. This information can also be accessed through the City's website at www.cityrm.org.

TO VERIFY YOUR SERVICE LINE:

1. **Scan this QR code** with your camera and click the link that pops up.
- OR**
2. **Visit www.cityrm.org** and click the "SERVICE LINE" icon on the homepage.

FOR QUESTIONS:
Call Public Works Utilities
Division at 847-963-0500
or visit www.cityrm.org.
